Dear Policyowner:

IRS regulations require that distributions from your qualified plan must begin no later than April 1 following the calendar year in which you attain the age of 70½. Failure to comply with this regulation may subject you to tax penalties.

If you received a 10% surrender penalty free withdrawal or received monthly interest checks from the above policy, you may have already satisfied your required minimum distribution. Interest payments made to you are considered distributions from the Accumulation Value and are considered a portion of the 10% free amount available to you annually.

If you have more than one IRA plan, each must meet the requirement separately. However, such amounts may then be totaled and the total distribution taken from any one or more of the plans. If you would like us to calculate the required minimum distribution for the above IRA, please contact us. We also recommend that you consult your tax advisor to be sure you are in compliance with this regulation.

Please complete the form on the next page and mail it to our office at the address listed at the top of this letter. If you have any questions, please call us at the number listed above and a service representative will be happy to assist you.

Sincerely,

Americo Policy Holder Services
