### Choices

With Platinum Assure Series you have the option to select between 6 guarantee periods. You can select between a 2, 3, 4, 5, 6, or 7-year guarantee period. The minimum premium amount is \$25,000. The maximum issue age is 90 for years 2 through 5 and age 85 for the 6 and 7-year annuities.

### Tax-Deferred Growth

All earnings in your Amerigo Platinum Assure Series annuity will grow tax deferred until withdrawn. That means money that would have otherwise been used to pay taxes can remain in your annuity and compound over time.

### Safety and Security

The interest rate for your Platinum Assure Series annuity is guaranteed for the entire guarantee period you select. After the guarantee period, you can choose to withdraw your money without any penalties.

### Penalty-Free Withdrawals

Once during each contract year, including the first year, a percentage of the Account Value may be withdrawn, and surrender charges will be waived. The minimum withdrawal is \$500, and the remaining surrender value must be at least \$2,000.

Guarantee Period	2-Year	3-Year	4-Year	5-Year	6-Year	7-Year
Maximum Percent	3.0%	3.0%	5.0%	5.0%	5.0%	5.0%

*Required Minimum Distributions (RMDs) exceeding stated percent are NOT subject to a surrender charge.*

### Nursing Home Waiver

Platinum Assure Series provides a Waiver of Surrender Charge Upon Nursing Home or Hospital Confinement Endorsement (Endorsement Series 4139). If you are subsequently confined to a qualified nursing home or hospital for at least 90 consecutive days, this waiver provides access to your entire Account Value with no surrender charges.

### Death Benefit

Your beneficiaries will receive the full Account Value of your Platinum Assure Series annuity.

### Early Withdrawal

Should you need to terminate your policy early, or take a withdrawal in excess of the annual penalty-free withdrawal privilege, a surrender charge will apply. After the guarantee period you select is complete there are no charges.

### Market Value Adjustment Feature

Due to fluctuations in the general interest rate environment, this annuity, like many others, contains a Marketing Value Adjustment (MVA) feature. With an MVA, your surrender value may increase or decrease depending on changes in the company's current guarantee period interest rate offered on the new premium. The adjustment applies to amounts received upon a partial or full surrender, if made during the guarantee period. It also applies if the policy is annuitized during the guarantee period. The adjustment does not apply when funds are withdrawn under the penalty-free withdrawal provision.
