Disclosure Form

SINGLE PREMIUM DEFERRED ANNUITIES

The **BANKERS 1 & 3 & 5 & 7** are single premium deferred annuities. Additional premiums may not be added in the future.

TAX ADVANTAGES

Although an annuity does not eliminate your tax liability on interest earnings, under current tax law all interest earned accumulates on a tax-deferred basis. Tax deferral is currently available only to individual owners and certain trusts, not to corporations or other non-individuals.

FINANCIAL SECURITY

LBL and CLIC are Legal Reserve Companies, required by state regulation to maintain reserves equal to or greater than guaranteed surrender values.

NO SALES CHARGES OR FEES

100% of your money earns interest for you.

GUARANTEE PERIOD/INTEREST CREDITING

You choose the guaranteed rate period that is best for you. The guarantee period begins on the date of issue and ends on the last day of the chosen period. After your chosen rate period ends, you will continue to earn interest. The minimum guaranteed renewal rate will not exceed 3% nor fall below 1%.

Interest is credited and compounded on a daily basis. The rates shown below are the current effective annual yields.

PROCEEDS PAYABLE AT DEATH

- 1) If the Annuitant is not the Owner, the Annuitant dies before the Maturity Date, and the Owner is a natural person, the Owner must choose a new Annuitant within 60 days of the date of the Annuitant's death. If the owner does not choose a new Annuitant, the Owner will become the Annuitant. If the Owner is not a natural person, proceeds are payable to the Beneficiary upon receiving proof of the Annuitant's death while this Contract is in force. The proceeds payable if the Annuitant dies prior to the Maturity Date will be the then Accumulated Value of the Contract.
- 2) If the Owner is also the Annuitant, the death benefit will be the Accumulated Value on the date of death. If the Owner is not the Annuitant, the death benefit will be the Cash Surrender Value on the date of death.

MARKET VALUE ADJUSTMENT (MVA)

The Market Value Adjustment is an amount by which we adjust the Accumulated Value. An MVA will apply to a full surrender or to a partial withdrawal subject to a surrender charge during the initial 3, 5 or 7 year guaranteed rate period. The MVA may increase or decrease your Accumulated Value, depending on whether interest rates* have fallen or risen from the time of purchase. If interest rates have declined, your Accumulated Value could be higher. If interest rates have increased, your Accumulated value could be lower. The MVA is not applied to any death benefit payable at the Annuitant's death. In no event will the Market Value Adjustment be greater than one year's excess interest. Assets subject to Market Value Adjustment are not held in a separate account. There is no MVA for the BANKERS 1.

* The Treasury Constant Maturity Series, published by the Federal Reserve, is used to measure changes in interest rates.

TAXATION OF WITHDRAWALS

Withdrawals may be subject to income tax. If withdrawals are made before age 59½, they also may be subject to a 10% IRS penalty.

OTHER IMPORTANT BENEFITS

The following benefits are added to non-qualified contracts issued in Texas for the BANKERS 3 & 5 & 7 (These benefits are not available for the BANKERS 1):

Nursing Home Benefit: After the first policy year, you can withdraw 50% of your Accumulated Value if you are confined to a nursing home for 90 consecutive days.

Disability Benefit: After the first policy year, you can withdraw 50% of your Accumulated Value if you are disabled for 90 consecutive days.

Complete details of these two important benefits are explained in the policy.
