D. Premature Distributions

To the extent a distribution is taxable, it may be subject to an additional 10% IRS premature distribution penalty as defined in IRC Sec. 72(t). This penalty is increased to 25% in the case of certain premature distributions from SIMPLE IRA plans in the first 2 years of participation. Roth IRA's may be subject to a penalty in the first 5 years. **Please contact your tax advisor for advice.**

E. Withholding Instructions

Notice of withholding on distributions or withdrawals from your annuity: If any part of this distribution is taxable, we will report but not withhold federal income tax, unless the election is marked below. The distributions or withdrawals you receive from your annuity may be subject to federal income tax withholding. Withholding will only apply to the portion of your distribution or withdrawal that is includable as income on your tax return. Federal withholding of 20% of this distribution is required for qualified plan annuities (other than an IRA) unless your distribution **(a)** is rolled over to another eligible qualified plan; **(b)** is a trustee to trustee transfer; **(c)** is a minimum required distribution. If you elect not to have withholding, or if you do not have enough federal income tax withheld from your distribution or withdrawal, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. Any taxable portion will be reported to the Internal Revenue Service.

Withholding Instructions: Please check one or more of the following boxes, if applicable.

- I elect to have state income tax withheld.
- I do not want to have state income tax withheld unless state law so requires.
- I want federal income tax withheld at 10% or _____. (20% if a qualified plan other than an IRA.)
