# OM Guarantee-Platinum™

A Single Premium, Fixed Deferred Annuity  
*with tax-deferred earnings featuring a choice  
of a 3, 5 or 7-year rate guarantee*

OMGuarantee-Platinum  
is a single premium, fixed  
deferred annuity

## What is that?

**Single Premium:** The annuity is a single premium annuity which means you make a single lump sum premium payment at issue.

**Deferred:** The annuity is deferred which means income does not begin immediately. You pay no current income tax on interest earned. Taxes are deferred until you withdraw your earnings.

**Fixed:** The annuity is a fixed annuity which means that OM Financial Life Insurance Company guarantees a fixed rate of interest.

**Annuity:** An annuity is a vehicle to provide payments to the holder at specified intervals, usually at retirement. It is designed to be a long-term retirement tool and not be used to meet short-term financial goals.

*In this document are important points to think about before you buy the **OMGuarantee-Platinum**<sup>™</sup> 3, 5 or 7 annuity from OM Financial Life Insurance Company. OM Financial Life has prepared this summary to help you understand **OMGuarantee-Platinum's** many options and advantages. Please confirm your understanding by signing the enclosed confirmation statement.*

*Whether you want your annuity to become a source of guaranteed income payments, or continued tax-deferred interest accumulation, **OMGuarantee-Platinum** can provide the means.*

## Choice!

*Select your guarantee period of three, five, or seven-years.*

## Certainty!

*Know your rate for the guarantee period.*

## Flexibility

*Flexibility to continue for another period or search out other opportunities.*

*An annuity that allows you to control when you pay taxes on your interest.*

## 1. HOW DOES IT WORK?

### A. *Your annuity offers competitive returns* **CHOICE OF A THREE, FIVE OR SEVEN-YEAR RATE GUARANTEE PERIOD**

You get to choose from a three, five or seven-year interest rate guarantee period, a period during which the credited rate is guaranteed. The guarantee period begins on the date of issue, and subsequent guarantee periods begin immediately following the end of each prior guarantee period. The credited interest rate, which will be applied initially to your single premium and then to your account value during the initial guarantee period, is shown in your annuity. We will never credit less than the minimum guaranteed interest rate, which will be established between 1% and 3%.

### B. *with no currently taxable income* **TAXES ARE DEFERRED UNTIL YOU WITHDRAW YOUR EARNINGS**

Unlike many taxable traditional savings vehicles, you pay no current income tax on interest earned within your annuity. Taxes are deferred until you withdraw your earnings.

### C. *and grants you flexibility for the future* **YOU HAVE THE FLEXIBILITY TO CONTINUE FOR ANOTHER THREE, FIVE OR SEVEN-YEAR PERIOD OR SEARCH OUT OTHER OPPORTUNITIES**

When your guarantee period expires, OM Financial Life will automatically renew your annuity for the same period at the then-current interest rate. If you would prefer to withdraw some or all of your account value at the end of any guarantee period, you will have a 30-day window to do so, free of any surrender charges.

At the end of each guarantee period, we will provide you with a new declared interest rate for the new guarantee period.

2.

## HOW DO I GET INCOME FROM MY ANNUITY?

### Partial withdrawals and options for systematic withdrawals

Withdrawals up to the amount of accumulated interest may be made free of surrender charge.

You may make scheduled systematic withdrawals of at least \$100 with just one request and unscheduled withdrawals (up to four times per year) in an amount of at least \$500. Withdrawals in excess of the accumulated interest on the annuity will be subject to surrender charges. Interest will not be credited to any amounts withdrawn.

### Annuity payouts

From day one of your annuity, you may elect to have the account value paid to you under an annuity payment plan.

### Payment in the event of death

If you should die before the annuity date, your beneficiary will receive the account value of your annuity. Surrender charges do not apply at death. Any gain in the annuity would be subject to income tax. If you should die after the annuity date, any benefits payable to your beneficiary would depend on the income option chosen.

### Surrender Charges

#### What happens if I take some or all of the money from my annuity?

Withdrawals in excess of the accumulated interest on the annuity will be subject to surrender charges. The surrender charges for OMGuarantee-Platinum will be 9% in the first year and decrease by 1% per year throughout the rate guarantee period.

At the end of each guarantee period, you have 30 days in which to surrender this annuity with no surrender charge. If you do not surrender within those 30 days, this annuity will automatically renew into a new guarantee period of the same length with a new set of identical surrender charges.

Years into current Guarantee Period:	1	2	3	4	5	6	7
Surrender Charge	9%	8%	7%	6%	5%	4%	3%

Example: Maria purchases an OMGuarantee-Platinum annuity with a five-year guaranteed rate period. Her surrender charges will begin at 9% in the 1st year, and decrease to 8% in the 2nd year, 7% in the 3rd year, 6% in the 4th year, 5% in the 5th year, 4% in the 6th year, and 3% in the 7th year. At the end of the 7th year, Maria's annuity will automatically renew into a new five-year interest guarantee period at the then current interest rate. Surrender charges will also be reset, so that in the 8th year of Maria's annuity (or the first year of the renewal period) the surrender charge will again be 9%. Surrender charges will continue to follow the same pattern throughout each renewal period. Maria's surrender charge will be 8% in the 9th year, 7% in the 10th year, 6% in the 11th year, 5% in the 12th year, 9% in the 13th year (first year of 2nd renewal period), 8% in the 14th year, etc.

#### Is there a way to withdraw money during the surrender charge period without paying surrender charges?

You will not pay a surrender charge if you withdraw up to the amount of accumulated interest.

Surrender charges will not apply if you qualify for a waiver under our:

- **Nursing Home Benefit Rider** *If you are confined to a licensed nursing home for more than 60 days, and your confinement begins at least one year after the annuity's date of issue, surrender charges will be waived on withdrawals made during the period of your confinement.*
- **Terminal Illness Benefit Rider** *If a licensed physician certifies that you have been diagnosed with an illness or condition that causes your life expectancy to be less than one year, and the diagnosis takes place at least one year after the annuity's date of issue, surrender charges will be waived during this period of terminal illness.*
- **Unemployment Benefit Rider** *If you become unemployed and remain so for at least 30 consecutive days, and your unemployment takes place after the annuity's date of issue, surrender charges will be waived during this time of unemployment as long as you are under the age of 65 at the time of your request.*

You will not pay surrender charges if you surrender within 30 days following the end of each guarantee period.

You will not pay surrender charges if you elect an annuity payment plan.

Your spouse will not pay a surrender charge if you die unless your spouse is the beneficiary and elects to continue the contract.

3.

## DO I PAY ANY FEES OR CHARGES?

### Market Value Adjustment

A Market Value Adjustment (MVA) will increase or decrease your surrender value when you make a withdrawal to which a surrender charge is applied. The MVA is based on a formula that takes into account changes in yields on U.S. Treasuries between the start of the current guaranteed period and the date of the withdrawal. Generally, if interest rates have risen since you purchased your annuity (or since the start of your current interest rate guarantee period, if later), the MVA will decrease your surrender value. If interest rates have fallen, the MVA will increase your surrender value.

4.

## DOES THIS AFFECT MY TAXES?

### *How will payouts and withdrawals from my annuity be taxed?*

The annuity is tax-deferred, which means you don't pay taxes on the interest it earns until the money is paid to you. When you take payouts or make a withdrawal, you pay ordinary income taxes on the earned interest. Withdrawals are treated as coming from earnings first and then as a return of your premium. Payments under an annuity payment plan are treated as coming partially from earnings and partially as return of premium. You may pay a federal income tax penalty on earnings you withdraw before age 59 ½. [If your state imposes a premium tax, it will be deducted from the money you receive].\*

You can exchange one tax-deferred annuity for another without paying taxes on the earnings when you make the exchange. Before you do, compare the benefits, features, and costs of the two annuities. You may pay a surrender charge on the annuity you are exchanging. Also, you may start a new surrender charge period in the new annuity.

### *Does buying an annuity in a retirement plan provide extra tax benefit?*

Buying an annuity within an IRA, 401(k) or other tax-deferred retirement plan doesn't give you any extra tax benefit. Choose the annuity based on its other features and benefits as well as its risks and costs, not its tax benefits. Please consult your tax advisor regarding your unique situation.

\*Internal Revenue Code provides that if an annuity is held by a non-natural person and such person is not holding as an agent for a natural person, the contract shall not be treated as an annuity contract for income tax purposes.

## WHAT ELSE DO I NEED TO KNOW?

### Other Information

- We may change your annuity contract from time to time to follow federal or state laws and regulations. If we do, we'll tell you about the changes in writing.
- You have a set number of days (at least 10) to look at the annuity after you buy it. If you decide during that time that you don't want it, you can return the annuity and get all of your premium back, less any prior withdrawals. Read the cover page of your annuity contract as soon as you receive it to understand how many days you have to decide if you want to keep it.
- At least once each year, we will send you a report of the current annuity values.
- We pay the agent, broker or firm for selling the annuity to you.
- Certain tax qualified annuities are subject to minimum required distributions which generally require that distributions begin no later than your attainment of age 70½ or retirement, whichever is later, and that amounts be paid to you over a period not longer than your life expectancy.
- Your annuity values are guaranteed by OM Financial Life Insurance Company. As a Legal Reserve Company, OM Financial Life Insurance Company is required by state regulation to maintain reserves equal to or greater than guaranteed surrender values.

# OMGuarantee-Platinum

## Appropriate for IRA and Pension Plan Rollovers

OMGuarantee-Platinum could be an adequate vehicle for a rollover of your IRA or to serve as a rollover IRA to receive distributions from a corporate retirement plan, like a 401(k), 403(b), pension or profit sharing plan. When executed properly, these rollovers are not currently taxed. Tax-deferred compounding continues without interruption.

OMGuarantee-Platinum accepts minimum amounts for qualified plans as low as \$2,000. See OM Financial Life's IRA Disclosure Statement for more information on IRAs and rollovers.

At age 70½, the IRS requires you to begin receiving minimum annual distributions from your tax-qualified retirement plans, including IRAs. Upon request, we can help you calculate your minimum required distribution from your OMGuarantee-Platinum annuity.
